RESOLUTIONS: (Continued)

* ITEM-100: (Continued)

Subitem-B: (R-2005-422)

Certifying that the Mitigated Negative Declaration, LDR No. 31233, dated September 3, 2004 has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.), as amended, and the State guidelines thereto (California Code of Regulations Section 15000 et seq.), that the declaration reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in said declaration, together with any comments received during the public review process, has been reviewed and considered by this Council in connection with the approval of the Pump Station Upgrades Group IV - Comfort Stations (Project);

Approving the Mitigated Negative Declaration;

Adopting the Mitigation Monitoring and Reporting Program, pursuant to California Public Resources Code Section 21081.6;

Directing the City Clerk to file a Notice of Determination with the Clerk of the Board of Supervisors for the County of San Diego regarding the Project.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 10/06/2004, NR&C voted 4 to 0 to approve the City Manager's recommendation in regards to substantive aspects of the project with direction to the City Manager to include the department's best management practices in the environmental documentation when it comes forward to the full Council. (Councilmembers Zucchet, Frye, Madaffer, and Inzunza voted yea. District 4-vacant.)

SUPPORTING INFORMATION:

The Citywide Pump Station Upgrade Projects involve four separate groups of construction contracts, totaling 22 sewer pump stations. Citywide Pump Station Upgrades – Group IV – Comfort Stations involves electrical, mechanical, and miscellaneous upgrades of eight sewer pump stations that serve comfort stations in the Mission Bay and Harbor Island areas of the City and the trailers at the City's Chollas Operations Center. Specifically, it involves station number 46 at Chollas; station numbers 52 and 53 on Harbor Island; and station numbers 54, 55, 56, 57, and 58 along the east side of Mission Bay.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-100: (Continued)

SUPPORTING INFORMATION: (Continued)

The upgrades include: the addition of water supply shutoff solenoid valves, telemetry systems, new pumps, passive odor-control systems, new access hatches, concrete paving, jib cranes, flow meters, new ventilation systems, new handrails, new control panels, new wet well level monitoring systems, and upgrades to three-phase power.

At the October 8, 2004, Natural Resources and Culture (NR&C) Committee Meeting, concern regarding the potential water quality effects of the proposed project and the need for Stormwater - Best Management Practices (BMP's) was raised. A Final Mitigated Negative Declaration (MND), including Initial Study Discussion, was prepared and the potential for adverse downstream water quality effects to State Listed impaired water bodies was discussed on Pages 4 & 5 of the Initial Study. MWWD Contract Specifications have included measures requiring the contractor to prepare various stormwater management plans prior to the preconstruction meeting, and to implement these BMPs during construction. With these measures incorporated into project design, impacts to water quality are not considered significant and therefore no mitigation is required.

The Metropolitan Wastewater Department is requesting approval to advertise, bid, and award the construction contract to the lowest responsible bidder and requesting certification of the California Environmental Quality Act (CEQA) document.

FISCAL IMPACT:

The total of this request is \$2,013,650 of which \$1,522,000 is for construction, \$339,450 is for construction management and related costs, and \$152,200 is for contingencies. Funds, in the amount of \$1,861,450, are available in Sewer Fund 41506, CIP-41-929.0, Pump Station Upgrades, and funds, in the amount of \$152,200, are available in Sewer Fund 41506, CIP-46-193.0, Annual Allocation – Muni Pooled Contingency. This project is part of the existing capital improvement program and is not dependent on future financing proceeds.

RESOLUTIONS: (Continued)

* ITEM-101: (Continued)

SUPPORTING INFORMATION: (Continued)

The subject pump stations are as follows: 71, 73, 74, 75, 76, 80, and 82, and the upgrades include: replacement of submersible sewage pumps, replacement of sewage pump motors (encapsulated), pump discharge piping and valves, wet well monitoring system, addition of outside lights, flow meters, second force main discharge piping, emergency storage tanks including overflow and backflow piping, passive odor control systems, emergency generators and emergency generator cable conduits and emergency pump connections, repair wet well liner, site restoration, addition of valve vaults, and other miscellaneous upgrades.

These facilities are located at various part of San Diego North County and have served the community for the past 17-23 years, and these upgrades are required to improve the wastewater operations and bring these pump stations up to current standards.

At the October 8, 2004, Natural Resources and Culture (NR&C) Committee Meeting, concern regarding the potential water quality effects of the proposed project and the need for Stormwater - Best Management Practices (BMP's) was raised. RESOLUTIONS: (Continued)

* ITEM-102: Additional Funding for the Safe Routes to School – Euclid Elementary Project.

(City Heights Community Area. District 3.)

CITY MANAGER’S RECOMMENDATION:

Adopt the following resolution:

(R-2005-552)

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$80,000 from Fund No. 30300, TransNet CIP-52-715.0, New Walkways, to CIP-62-263.0, Safe Routes to School – Euclid Elementary;

Approving the expenditure of an amount not to exceed \$80,000 from Fund No. 30300, TransNet Funds, for the purpose of construction of additional sidewalk improvements for CIP-62-263.0, Safe Routes to School – Euclid Elementary;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves.

CITY MANAGER SUPPORTING INFORMATION:

Euclid Elementary School is located on Euclid Avenue between Orange Avenue and Polk Avenue in the neighborhood of City Heights. The school is situated in a high density residential area congested with traffic. Many students must cross busy collector streets while walking to school. Others are driven by parents and dropped off on Euclid or Orange Avenue. The project provides for improvements in pedestrian safety, traffic calming, and increased crossing opportunities for students and residents within this busy area.

The project is funded by a grant from the State of California for the construction of safer routes to school and TransNet. The City Council on May 15, 2001, R-294835, authorized the City Manager to apply for the grant and to use the money for traffic improvements around the school. The scope of the project includes the installation of sidewalks, curb extensions and enhanced pavement markings, a protected left turn signal, as well the installation of a pedestrian activated traffic signal. All improvements are located within one quarter mile of the intersection of Euclid Avenue and Orange Avenue.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-102: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

During construction, it was determined that additional sidewalks within the vicinity of the project needed to be replaced. These additional improvements will provide safer walkways for students and residents in the area, thus encompassing the original intent of the Safe Routes to School project. The supplementary work is estimated at \$80,000. Funding is available in CIP-52-715.0, New Walkways.

FISCAL IMPACT:

The total cost of the project is estimated at \$665,000, of which \$585,000 is available in CIP-62-263.0 Safe Route to School - Euclid Elementary. The additional funding of \$80,000 is available in Fund 30300, TransNet, CIP-52-715.0, New Walkways.

- * ITEM-103: Funding for Consultant Services for Palm Avenue/I-805 Interchange Improvements.

(Otay Mesa and Otay Mesa-Nestor Community Areas. District 8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-516)

Amending the Fiscal Year 2005 Otay Mesa Public Facilities Financing Plan, Fund 79014, Otay Mesa-West FBA, by appropriating an amount of \$38,000 in Fiscal Year 2005 for Capital Improvement Project CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange);

Amending the Fiscal Year 2005 Otay Mesa Public Facilities Financing Plan, Fund 79013, Otay Mesa-East FBA, by appropriating an amount of \$62,000 in Fiscal Year 2005 for CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange);

Amending the Fiscal Year 2005 CIP budget in Fund 79014, Otay Mesa-West FBA, CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange), by increasing the budget amount by \$38,000;

Amending the Fiscal Year 2005 CIP budget in Fund 79013, Otay Mesa-East FBA, CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange), by increasing the budget amount by \$62,000;

Authorizing the City Auditor and Comptroller to appropriate and expend an amount not to exceed \$38,000 from Fund 79014, Otay Mesa-West, CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange), for the purpose of securing consultant services to provide cost estimates for the completion of the Palm Avenue/Interstate 805 Interchange project;

Authorizing the City Auditor and Comptroller to appropriate and expend an amount not to exceed \$62,000 from Fund 79013, Otay Mesa-East, CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange), for the purpose of securing consultant services to provide cost estimates for the Palm Avenue/Interstate 805 Interchange project.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-103: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

Improvements to the Palm Avenue/I-805 Interchange are being performed in three stages and four phases. Stage 1 consisted of signalization of the on and off-ramps, and has been completed. Stage 2 consists of repairs to the bridge approaches and abutments; partial bridge widening; restriping; and sidewalk, signal, and signage modifications. Stage 3 will widen the bridge to its ultimate width, relocating and redesigning the northbound on and off-ramps, and widening of the on-ramps.

The City and Caltrans are prepared to enter into agreements to perform the Stage 2 and Stage 3 work. However, at this time, there are no cost estimates for the Stage 2 and Stage 3 activities. Consultant services will be required to provide those estimates, and such services are particularly needed for specialized estimates such as the bridge structure improvements.

Staff is recommending that a total of \$100,000 be transferred from the Otay Mesa FBAs to CIP-52-640.0 (Palm Avenue/Interstate 805 Interchange) for the purpose of hiring a consultant to prepare the cost estimates and a financing timetable in time for the revision of the Otay Mesa Public Facilities Financing Plan in Spring 2005.

The consultant agreement will be brought to Council for approval at a later date.

FISCAL IMPACT:

\$38,000 from the Otay Mesa-West FBA, Fund 79014, and \$62,000 from the Otay Mesa-East FBA, Fund 79013.

Authorizing the expenditure of an amount not to exceed \$400,000 from Liability Fund No. 81140, solely and exclusively for the purpose of providing funds for the above agreement.

SUPPORTING INFORMATION:

An initial agreement in an amount not to exceed \$250,000 was authorized with Latham & Watkins for outside counsel to defend the City in the matters of Otay Acquisition v. City, S.D.S.C. Case No. GIC 753247; National Enterprises v. City, S.D.S.C. Case No. GIC 730011; and Border Business Park, Inc. v. City, S.D.S.C. Case No. GIC 692794. Two amendments to that agreement was authorized by the City Council in a total amount not to exceed an additional \$3.55 million. Additional services are now required to participate in ongoing court proceedings and prepare for future court proceedings, and an additional \$400,000 is required to fund the necessary services. The total contract will be in an amount not to exceed \$4,200,000. Approximately \$2.5 million of insurance proceeds has been received to help defray the cost of the representation.

Subitem-B: (R-2005-507)

Certifying that Mitigated Negative Declaration LDR No. 3362, on file in the Office of the City Clerk, has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.), as amended, and the State guidelines thereto (California Code of Regulations Section 15000 et seq.), and the National Environmental Policy Act (NEPA), that the declaration reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in the report, together with any comments received during the public review process, has been reviewed and considered by this Council in connection with the approval of Coastal Sewage Interception/Low Flow Storm Drain Diversion Project - Phase III Project (Project);

Approving the Mitigated Negative Declaration;

Adopting the Mitigation Monitoring and Reporting Program, pursuant to California Public Resources Code Section 21081.6;

Directing the City Clerk to file a Notice of Determination (NOD) with the Clerk of the Board of Supervisors for the County of San Diego regarding the above Project.

CITY MANAGER SUPPORTING INFORMATION:

This project provides for the interception and diversion of incidental sewage spills as well as beach area summer period contaminated nuisance flows that might otherwise spill to the beach through storm drain outfalls. These diverted flows are directed into the sewer system for treatment. This is implemented through the construction of sub-surface diversion valves or interceptor pump stations at 11 storm drain outfall sites of which 4 sites are located in La Jolla, 6 sites are located in Pacific Beach and 1 site is located in Ocean Beach. Funding for the construction and contingency of the 11 new diversion facilities is provided through 55% from Federal Grants (\$1,150,321) and 45% (\$941,172) from sewer funds as City match to the Federal grant.

ITEM-202: Agreement with SBC California (SBC) for the Underground Conversion of Overhead Facilities.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2005-579)

Authorizing the City Manager to execute an agreement with SBC for the relocation of overhead facilities to underground service, under the terms and conditions set forth in the Agreement, together with any reasonably necessary modifications or amendments thereto which do not increase project scope or cost and which the City Manager shall deem necessary from time to time in order to carry out the purposes and intent of this project and Agreement;

Declaring that the Council of the City of San Diego supports and endorses the application for cost recovery to be filed by SBC with the CPUC, currently estimated by SBC to be \$1.00 per month per customer;

Authorizing the City Manager to accept, appropriate, and expend funds that may be received from SBC pursuant to the Agreement, for the Underground Utility Districts for which the funds are received or designated;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess funds, if any, to the appropriate reserves.

CITY MANAGER SUPPORTING INFORMATION:

The Underground Utility Program converts existing overhead utility lines to underground service in the City of San Diego. The City and SDG&E previously agreed to expand the scope of the Underground Utility Program to extend to areas that are not eligible under the statewide program known as Rule 20. The proposed Agreement with SBC California (SBC) will secure SBC's participation in the expanded Underground Utility Program, contingent upon the California Public Utilities Commission's approval of a cost recovery mechanism for SBC.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-202: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The proposed Agreement requires SBC to file an Application with the CPUC for permission to collect a surcharge from its customers to cover SBC's undergrounding costs. SBC estimates the cost to be \$1.00 per month per customer. The monthly surcharge will be adjusted periodically by the CPUC to reflect SBC's actual costs. The monthly surcharge will be marked on SBC telephone bills as a City of San Diego undergrounding surcharge. The City is required to actively support the Application and the estimated \$1.00 surcharge amount.

The Application process is estimated to take six to nine months, though SBC estimates it could take as long as eighteen to twenty-four months. While the Application is pending, the City will pay SBC to design underground conduit which the City will install in conjunction with the relocation of SDG&E and cable company lines. This avoids the need to re-trench City streets when the time comes to relocate SBC facilities. If the Application is approved, SBC will be allowed to accumulate six months worth of surcharge funds before it begins to remove its overhead lines. The oldest projects are anticipated to be converted first, as SBC hires additional staff over four years to keep pace with the City's expanded program. SBC will purchase the conduit previously installed by the City while the Application was pending. The City will absorb the conduit installation costs, including SBC's share of the joint trench costs, as the City now does for Cox and Time-Warner. This is estimated to be approximately \$2 million per year, and will be paid from SDG&E franchise fee funds.

If the Application is not approved by the CPUC, or approved for only a portion of SBC's actual costs, then the City and SBC will meet to discuss other alternatives to secure SBC's participation in the Underground Utility Program.

FISCAL IMPACT:

None.
